Total Intravenous Anaesthesia
“Why and how, for those new to TIVA”
Tuesday 18th June 2013
Organiser: Dr Kiran Jani, Stevenage

Programme

09:30 Registration and coffee

10:00 Introduction
Dr Kiran Jani, Stevenage

10:15 Basic TIVA 1A02; Domain 1 Knowledge, skills & performance
3 parallel workshops. Content for each will be the same, and will aim to cover:
- How I do it, case presentations, TivaTrainer®, why TIVA?, why TCI?

12:20 Clinical advantages & difficult airways 2A01, 3A07; Domain 1 Knowledge, skills & performance
Dr Ali Diba, East Grinstead

13:00 Lunch

14:00 Depth of anaesthesia monitoring
BIS, Entropy, AEP, NICE guidelines 2A04; Domain 2 Safety and quality
Dr Lawrence Rowe, Norwich

14:30 Hands on with different TCI systems
Set up and practical aspects 2A10, 2C05, 3A07; Domain 2 Safety and quality
Equipment demonstration – CareFusion & 1other provider (TBC).
Each delegate goes to 2 demos.

15:20 Question Time
Faculty, chaired by Dr Anup Biswas, Nottingham

16:20 Depart

Learning objectives
1) to understand the basic principles and practice of total intravenous anaesthesia (TIVA)
2) to understand the principles of target controlled infusion
3) to understand the differences in pharmacokinetic models used for TIVA
4) to understand the advantages and disadvantages of TIVA
5) to understand the pros and cons of “depth of anaesthesia” monitoring

The Faculty:
Dr Anup Biswas, Nottingham, Dr Ali Diba, East Grinstead, Dr Kiran Jani, Stevenage, Dr Lawrence Rowe, Norwich, Dr Jon Brearley, Swansea, Dr David Mulvey, Derby & Mr Malcolm Stewart, CareFusion.
