

Abstract no:	Abstract title	Author(s)	Category	Status
3861769	Consent Knowledge and Training	A. Amlani , N. Bahal, A. Manoras	Audit & quality improvement	Accepted
3859563	Fasting of clear fluids on the trauma list: a quality improvement project	A. Boulton , A. Kelly	Audit & quality improvement	Accepted
3867906	The Impact of the Golden Patient Rule in Emergency Theatres	A. Chauhan , M. Perera, G. Kandasamy	Audit & quality improvement	Conditionally accepted
3868529	PEAPOD - Plymouth Enquiry Analysing Peri-Operative Deaths - a retrospective observational study of peri-operative deaths in a university teaching hospital	A. Hulbert , S. Copplestone, S. Ferguson	Audit & quality improvement	Accepted
3868448	Neurological outcome six months post discharge of survivors of Out Of Hospital Cardiac Arrest (OOHCA) treated at a cardiothoracic intensive care unit in a major city teaching hospital: Assessment of psychosocial impact and a proposal for improvement of follow up services	A. Ibrahim , M. Krupa , A. Crerar-Gilbert	Audit & quality improvement	Accepted
3867845	Efficacy of regional anaesthesia for hand and forearm surgery -- a prospective audit	A. Kumar, J. Ang , L. Pirkis	Audit & quality improvement	Accepted
3860443	Sustainability in Anaesthesia: A service evaluation of theatre waste recycling	A. Nesaratnam , K. Jani, S. Cleaver	Audit & quality improvement	Accepted
3860526	Anaesthetic management and outcomes of sickle cell disease in the pregnant population - is maternal antenatal echocardiography of value?	A. White , R. Wendler, S. Hammond	Audit & quality improvement	Accepted
3856537	Audit of Local Anaesthetic use for Arterial Blood Gas Sampling	B. Goodman , R. Markes, G. Park, A. Refson-Fertleman, J. Ross	Audit & quality improvement	Accepted
3867727	Opioid-sparing effect of intrathecal diamorphine in Robotic-Assisted Radical Prostatectomy (RARP)	B. Morrison , P. Alexopoulou, C. Jones, L. Kelliher, U. Drakeford	Audit & quality improvement	Accepted
3834603	Does initial clinical impression predict cardiopulmonary exercise testing (CPET) performance?	C. Halligan , R. Davies, A. Funnell, I. Appadurai, G. Rose, D. Bailey	Audit & quality improvement	Conditionally accepted
3849004	Cardiopulmonary exercise testing: a centre-based analysis	C. Pang , A. Raj	Audit & quality improvement	Accepted
3855971	A service evaluation for Tranexamic Acid in surgery for proximal femoral fractures	C. Poots , A. Eggleton, J. Hamilton, L. Ogonda, R. Corry	Audit & quality improvement	Accepted
3868449	Introduction of lanyards stating specific job title improves communication, teamwork and misidentification within the resuscitation team	C. Verney , L. Williams, K. Cheesman	Audit & quality improvement	Accepted
3848356	Ultra-low dose versus high dose intrathecal anaesthesia for elective lower limb arthroplasty	D. Adshead , Z. Spilsbury, S. Tighe	Audit & quality improvement	Conditionally accepted
3861061	Improving The Quality Of CVC Documentation Through Introduction Of A New Proforma- A Retrospective Case Note Audit	D. Findlay , J. Cohen , J. Barrie, K. Naylor, R. Tully	Audit & quality improvement	Accepted
3860418	Confidence of anaesthetists managing ventilation of critically ill paediatric patients during resuscitation and stabilisation can be improved with a short, simple practical teaching session: a quality improvement project	D. Reicher , G. Judd	Audit & quality improvement	Accepted

Abstract no:	Abstract title	Author(s)	Category	Status
3859656	Development and Implementation of the Difficult Airway Training for Anaesthetic Assistants (DATAA) Course	D. Smith , T. Irving, M. Marbaniang, H. Gorton	Audit & quality improvement	Conditionally accepted
3860512	Twitch every time! Improving our usage of neuromuscular monitoring	D. Zeinali , A. Vas-Falcao, M. McMenamin	Audit & quality improvement	Accepted
3860912	Difficult airway update for ODPs: a quality improvement project	E. Fadden , K. Rodgers, N. Jain	Audit & quality improvement	Conditionally accepted
3867589	Conversion from Regional to General Anaesthesia for Caesarean Sections in a District General Hospital	E. Frostick	Audit & quality improvement	Accepted
3867409	An audit reviewing screening for pregnancy in critical care patients	E. Frostick , M. Jackson	Audit & quality improvement	Accepted
3859504	Post discharge nausea and vomiting in day surgery patients	E. Morgan , K. Sinha, J. Sadashivaiah	Audit & quality improvement	Accepted
3868396	Retrospective Audit of Day of Surgery Cancellations in a District General Hospital	E. Wilson , L. Martin	Audit & quality improvement	Accepted
3853879	Audit on the availability and supply of emergency drugs for anaesthesia and sedation	F. Beatty , J. Wakeford, A. Edmonds	Audit & quality improvement	Accepted
3867229	Can Electronic Prescribing Records Change Anaesthetists Prescribing Practice?	G. Brown , J. Small , T. Geary	Audit & quality improvement	Conditionally accepted
3853322	Handover of postoperative patients to Surgical High Dependency (sHDU)- a quality improvement project	G. Fleming , L. Taylor, L. Hogg	Audit & quality improvement	Accepted
3867951	Evaluation of transport ventilators used by a paediatric intensive care transport service -- a bench study	G. Manning , S. Ray, L. Chigaru	Audit & quality improvement	Accepted
3860051	Development of an electronic obstetric anaesthetic intervention record and regional database. A Quality Improvement Project: St George Hospital, Sydney, NSW	I. Mohamed Iqbal , R. Monteiro	Audit & quality improvement	Conditionally accepted
3834219	Daily sodium requirements are exceeded in the administration of intravenous antibiotics. Routine reconstitution of intravenous antibiotics with 5% glucose would significantly reduce this sodium load.	I. Young , G. Drummond	Audit & quality improvement	Accepted
3834228	Auditing the impact of the Lothian guideline for intravenous fluid prescribing on compliance with NICE guidance	I. Young , G. Drummond, S. Williams	Audit & quality improvement	Accepted
3834234	Dose error reduction software significantly reduces infusion related incidents in an intensive care unit in Edinburgh	I. Young , R. Paterson, M. Naysmith	Audit & quality improvement	Conditionally accepted
3860556	PREP: The Preoperative Risk Education Package. An online educational resource for primary care clinicians to encourage community based prehabilitation prior to major non-cardiac surgery.	J. Durrand , F. McHardy, T. Goh, S. Fenton, E. Land, C. Norman, Z. Llewellyn, K. Stevens, G. Danjoux	Audit & quality improvement	Accepted
3863889	Major maxillo-facial surgery, pre-operative anaemia and transfusion	J. Fawcner-Corbett , M. Gwinnutt	Audit & quality improvement	Conditionally accepted
3864011	Total and High Spinal Management: High Risk Low Incidence; An MDT Flowchart to Streamline Rapid and Effective Care	J. Malouf, S. Henry , B. Macafee	Audit & quality improvement	Accepted
3868646	Intra-operative ventilator settings. The use of Positive End-Expiratory Pressure and lung protective ventilation in general anaesthesia	J. Marway , O. Hussain, S. Saha	Audit & quality improvement	Accepted

Abstract no:	Abstract title	Author(s)	Category	Status
3868578	Screening for Obstructive Sleep Apnoea in the Preoperative Clinic	J. Mitchell , P. Orzylowski, D. Sword, K. Stafford	Audit & quality improvement	Accepted
3868505	Establishing a Blended Learning Environment	J. Noyes , J. Knight	Audit & quality improvement	Accepted
3854009	Audit of Laryngeal Mask Airway (LMA) Cuff Pressure in Adults	J. Noyes , T. Lowes	Audit & quality improvement	Accepted
3861302	Rapid Sequence Induction Teaching for Novice Trainees	J. Rose , N. Jones	Audit & quality improvement	Conditionally accepted
3867091	Improving Safe Handover for Obstetric Anaesthetic Patients	J. Small , G. Brown , R. Junkin	Audit & quality improvement	Conditionally accepted
3867024	A THRIVE in Education for Obstetric Theatre Staff	J. Small , S. Smith, R. Junkin	Audit & quality improvement	Conditionally accepted
3845949	An Anaesthetic Plan for Children	J. Wang , R. Brown	Audit & quality improvement	Accepted
3838835	PICC and midline PA-A lead service, a 2 year review	K. Barron , T. Kumpulainen, A. Balynn, L. Wee	Audit & quality improvement	Accepted
3868554	Intranasal fentanyl -- An effective analgesic for minor burns dressing change/debridement in children	K. Duraisamy , B. EDEN-GREEN, E. Pickles, L. Milne	Audit & quality improvement	Accepted
3851501	Arterial Line Insertion in Intensive Care: Improving Teaching for Junior Doctors	K. Kendrick , D. Pandya , A. Violaris	Audit & quality improvement	Accepted
3868641	Improving the Safety of Anaesthesia Induction in Major Trauma Patients: a completed audit cycle	L. Fenner , P. Morgan	Audit & quality improvement	Accepted
3868536	Restricted use of open systems for injectable medication: a quality improvement project at one district general hospital.	L. Foster , K. Edwards	Audit & quality improvement	Conditionally accepted
3868560	Is Lung Protective Ventilation Used in Anaesthetic Practice at a District General Hospital?	L. Moore , T. Cruz-Cervera	Audit & quality improvement	Accepted
3859938	Audit of patient readmissions to a tertiary Cardiothoracic Intensive Care Unit one year after the introduction of a post-operative Critical Care Assessment Team - has it made a difference?	L. Nasser , A. Ashworth, N. Singh, S. Stirling	Audit & quality improvement	Accepted
3848037	An effectiveness study of bilateral rectus sheath catheters analgesia -- comparing surgically and ultrasound guided inserted catheters. How can we improve our current practice?	M. Desai , A. Tsanidis, M. Narayanan, P. Joshi	Audit & quality improvement	Accepted
3859658	Perioperative anaemia and red blood cell transfusion practice in patients undergoing repair of fractured neck of femur: A quality improvement project	M. Evans , K. Papadopoulou, K. Blightman	Audit & quality improvement	Accepted
3868463	What's my name? Recall of theatre staff names after the team brief.	M. Jawad , I. Kantsedikas	Audit & quality improvement	Accepted
3859765	Intrathecal Opiates for Total Hip Replacement: Which is the better option?	M. Verma , E. Dominic , L. Alastair, B. Catherine	Audit & quality improvement	Accepted
3868514	Troponin as a predictor of post-operative complications in high risk patients undergoing major colorectal surgery	N. Baldry , H. Tan, T. Collyer	Audit & quality improvement	Accepted
3866988	Pre-operative Fasting Audit: "keep calm and carry on drinking", The Importance of Patient Education in reducing length of fluid fast duration.	P. Beddoes, M. Das , J. Jinnah, C. Johnston	Audit & quality improvement	Accepted
3867973	Paediatric Pain Management in a Post-Codeine World	P. Chater-Lea , A. Mohabir, D. Kelly	Audit & quality improvement	Accepted

Acceptance is conditional of an author or co-author booking on to the conference before the deadline of 1 November 2017.

Abstract no:	Abstract title	Author(s)	Category	Status
3867471	Energy demand for temperature control in therapeutic normothermia during febrile sepsis	P. Forrest , J. Anstey, C. Karcher, R. Bellomo, P. Emery, H. Cass	Audit & quality improvement	Conditionally accepted
3860224	Is it time for BIS-MAC?	P. Sharma , M. Balasubramanian	Audit & quality improvement	Accepted
3852465	Improving the efficiency of volatile anaesthesia by changing default ventilator settings	R. Carpenter , A. Allan, P. Browne	Audit & quality improvement	Accepted
3862009	Retrospective analysis of positive blood cultures taken on the intensive care unit	R. Chisholm	Audit & quality improvement	Accepted
3868508	Antibiotic resistance coding: generating revenue and improving data capture	R. Harris, I. Malik	Audit & quality improvement	Accepted
3860493	An Audit of the knowledge of Emergency treatments amongst anaesthetic staff	R. Lee, R. Medlock , D. Kelly	Audit & quality improvement	Accepted
3836132	Epidural Training: A Lemon-Aid	R. Little , J. Haines	Audit & quality improvement	Accepted
3860499	Paediatric Local anaesthetic toxicity: simulation to improve local practice	R. Medlock , A. Mohabir, D. Kelly	Audit & quality improvement	Conditionally accepted
3845021	Introducing the 'Four-Stage DDAF Technique' for safe intravenous practice to prevent MRSA and MSSA bacteraemia -- A Quality Improvement Project	R. Shah , C. Matthews, J. Bitmead, K. Thomson, V. Mitchel	Audit & quality improvement	Accepted
3836565	'Taking a deep breath': Promoting the management of airway emergencies at UK's leading specialist orthopaedic hospital	R. Shah , J. Sambhani	Audit & quality improvement	Accepted
3836561	Transfer documentation of the Critically Ill Patient to UK's largest Neurological and Neurosurgical Hospital	R. Shah, M. Paris , V. Luoma, M. Smith, U. Reddy	Audit & quality improvement	Accepted
3856507	A QI Project Focusing on Patient Satisfaction and Maintaining Dignity	R. Sykes , J. Holland	Audit & quality improvement	Accepted
3868517	50 Shades of Gray: Radiation safety knowledge amongst anaesthetists and occupational levels of exposure amongst trainees	S. Aggarwal, S. Moore , G. Wilbourn	Audit & quality improvement	Accepted
3867412	Quality Improvement Project: a post-operative anaesthesia review service	S. Bali , Z. Milovanovic, S. Okutubo, C. Talati	Audit & quality improvement	Accepted
3860179	Planned Open and Converted open Cholecystectomy -- Analgesic options and outcomes	S. Churchill , L. Cohen, G. Roberts, O. Adekanye	Audit & quality improvement	Accepted
3807084	Pre-operative assessment - Getting the Basics Right	S. Desai , D. Jumani, A. Morrison	Audit & quality improvement	Accepted
3867251	Incidence and Severity of Peri-operative Nasal Bleeding due to Nasal Intubation During General Anaesthesia in Children Undergoing Dental Rehabilitation Procedures and Applicability of Oral Intubation	S. Gooma	Audit & quality improvement	Accepted
3862094	4½ years of epidural provision at a DGH: Some encouraging findings for the novice obstetric anaesthetist	S. Kudsk-Iversen , G. Jackson	Audit & quality improvement	Accepted
3864174	Re-Audit of the factors affecting the use of Low Flow Anaesthesia in a District General Hospital	S. Mackie , S. Chadwick	Audit & quality improvement	Accepted
3859711	An Audit of Naloxone Usage in Arrowse Park Hospital	S. Mackin	Audit & quality improvement	Accepted
3867149	Post operative monitoring on the labour ward	S. Natarajan	Audit & quality improvement	Accepted

Abstract no:	Abstract title	Author(s)	Category	Status
3856580	Are general anaesthesia guidelines and charts sufficient for use in cardiac procedures?	S. Norman , A. McDonald, N. Barham, A. Mellor	Audit & quality improvement	Accepted
3856561	Can't oxygenate, Can't intubate -- Is knowing the algorithm enough? A survey assessing anaesthetic trainee and consultant familiarity with difficult airway trolley equipment	S. Patel, C. Cann	Audit & quality improvement	Accepted
3868442	An Audit of Waste Management on the Intensive Care Unit at Freeman Hospital- Could the introduction of Recycling help reduce costs and also be beneficial to the environment?	S. Prasad , S. Scully	Audit & quality improvement	Accepted
3839172	Change in endotracheal cuff pressure in different cuff shapes during gynecological laparoscopic surgery in the trendelenburg position	S. Techapiyaporn , O. Karnjanawanichkul, T. Chanchayanon, W. Juthasantikul, B. Suwanrat	Audit & quality improvement	Accepted
3853182	A pilot study into infusion practice. Is the prescribed dose being administered?	T. Rassam , D. Cooper, A. Mellor	Audit & quality improvement	Accepted
3860346	Novel Approaches Towards Delivering Quality Simulation that Meets the Learning Needs of Candidates at Maidstone & Tunbridge Wells NHS Trust	T. Wolfenden , B. Young, A. Moran	Audit & quality improvement	Accepted
3868455	Reducing the risk of headache after inadvertent dural puncture in an obstetric population: an audit of practice in two busy teaching hospitals.	V. Boardman , R. Menon, D. Odedra, M. Southworth, S. Sen	Audit & quality improvement	Conditionally accepted
3867702	Exhaustion by Design II	V. Padmanabhan , R. Shankar	Audit & quality improvement	Accepted
3860662	Innovating and leading change: A practical guide to transforming the regional post-fellowship registrars' teaching--the Mersey experience	V. Whitby, J. Tan	Audit & quality improvement	Accepted
3868445	Neuromuscular Blockade: A Trainee-led Audit of Current Practice in Scotland	Y. Brama , L. Foulds, K. Zealley, G. Rodney, C. Urquhart, B. Shippey, D. Fallaha, D. Alcorn, P. Bangalore, R. Williamson	Audit & quality improvement	Accepted
3868462	Incidence and risk factors for acute kidney injury after elective lower limb arthroplasty	Y. Chen , M. Priestnall, V. Annam	Audit & quality improvement	Accepted
3868503	How do junior anaesthetists manage the obese airway? A retrospective analysis of airway management, drug dosing, difficult airway incidence and post-operative complications.	Z. Spilsbury, G. Salvage , R. Khirwadkar	Audit & quality improvement	Accepted
3858554	Retrospective Audit of Preeclampsia Patients undergoing Caesarean Section with Neuraxial Anaesthesia	Z. Tan , D. Sng, S. Nagara, R. Dabas, R. Sultana, A. Sia, B. Sng	Audit & quality improvement	Conditionally accepted
3859477	The anaesthetic management of a parturient with Bethlem Myopathy	A. Hartopp, J. Peerless , A. Gupta, A. Owolabi, S. Griffiths	Case report	Accepted
3868273	A mal-positioned central venous catheter, leading to the diagnosis of a partial anomalous pulmonary venous drainage.	A. Madhok , K. Bhatia	Case report	Accepted

Abstract no:	Abstract title	Author(s)	Category	Status
3867143	Early Restenosis following Aortic Balloon Valvuloplasty	A. Wilson , P. Clements	Case report	Accepted
3842051	Post-operative generalised tonic-clonic seizure and cardiovascular collapse following intravenous lidocaine bolus and infusion for robotic-assisted laparoscopic cystectomy	B. Morrison , A. Patel, M. Dickinson	Case report	Accepted
3867253	Innominate artery syndrome detected by intra-operative loss of end-tidal carbon dioxide	B. Walsh , K. McCarthy	Case report	Accepted
3849747	Continuous bilateral Quadratus Lumborum blocks for postoperative analgesia after emergency laparotomy in an immune-compromised patient with sepsis	D. Liotiri, J. Gibson	Case report	Accepted
3868265	Anaesthetic Management of Mid-Aortic Syndrome	D. McGuckin , J. Lowery	Case report	Accepted
3867654	Superimposed Preeclampsia: An underappreciated challenge.	D. Robinson	Case report	Accepted
3867789	Severe pre-eclampsia, MRSA colonisation, fourth emergency caesarean section: an anaesthetic conundrum	H. Tailor , K. Richardson, S. Yentis	Case report	Accepted
3868603	Zebra, not horses: Perioperative cardiac complications in a primigravida	H. Venkatesh , A. Quayle, S. Saxena	Case report	Conditionally accepted
3860149	Catch of the day - Fish aspiration whilst intoxicated causing right upper lobe collapse	J. Hooper , M. Gorecha, D. Higgins, A. Ismail	Case report	Accepted
3859532	Pleural effusion postoperatively after percutaneous nephrolithotomy in the prone position	j. mahadevan	Case report	Conditionally accepted
3868606	Perioperative Anaesthetic Considerations and Management of Corrective Scoliosis Surgery in Friedreich's Ataxia; An Echocardiographic Series of Takotsubo Cardiomyopathy.	J. Malouf , M. Langdon	Case report	Accepted
3860784	Push and then pop! A rare cause of chest pain and hypoxia following labour.	J. Peerless , A. Hartopp, K. Cheesman	Case report	Accepted
3868557	Pre-Eclampsia, Peri-partum Cardiomyopathy and B-type natriuretic peptide	J. Sidhu	Case report	Accepted
3861997	Dantrolene is not the answer to 2,4-dinitrophenol poisoning; more heated debate	J. Van Schoor , E. Khanderia, A. Thorniley	Case report	Conditionally accepted
3805719	Airtraq intubation in a newborn with a difficult airway secondary to Pierre Robin sequence	N. Desai , S. Abdelrazeq, L. Chigaru, E. Randle	Case report	Accepted
3861860	Have you " Pick"ed up everything? A unique case of flash pulmonary oedema	R. Ene , V. Sundaram, S. Iqbal	Case report	Accepted
3856613	Perioperative Management of C1 Esterase Inhibitor Deficiency	R. Sykes , G. Morrison	Case report	Accepted
3867878	Type 1 heart block in a patient with stage 3b chronic kidney disease using lidocaine 5% topical patches	R. Wells , D. Karunaratne	Case report	Accepted
3842786	Placenta Percreta and Uterine Rupture	S. Churchill , M. Stacey	Case report	Accepted
3867796	A Dental Abscess Gone Bad: An Atypical Diagnostic Dilemma	S. Iqbal , R. Ene, V. Sundaram	Case report	Accepted
3868537	Spontaneous spinal epidural haematoma in a 39 week primagravida woman	T. Wong , A. Low	Case report	Accepted

Abstract no:	Abstract title	Author(s)	Category	Status
3831024	The Health Economic benefits of perioperative patient warming for prevention of blood loss and transfusion requirements as a consequence of Inadvertent Perioperative Hypothermia (IPH)	A. Ingram, M. Harper	Original research	Accepted
3868625	Investigation of dynamic decision support during simulated anaesthesia.	A. Marchant	Original research	Accepted
3866999	Assessing thinking dispositions of clinicians as individuals and team members	A. O'Dwyer , J. Kinnear, N. Wilson	Original research	Accepted
3867028	Video and Audio Summarised Teaching (VAST) -A New Method of Teaching Cardiac Anaesthesia to Undergraduate Medical Students; A Pilot Study	A. Ramaesh , G. Keenan	Original research	Accepted
3859599	5-HT3 antagonists and the analgesic efficacy of paracetamol: systematic review and meta-analysis	B. Doleman, D. Bhattacharjee , J. Lund, J. Williams	Original research	Accepted
3836171	The Impact of Reduced Fasting Times and Carbohydrate Preload on the Perioperative Insulin and Glucose Response in Liver Resection	B. Morrison , C. Jones, L. Kelliher, E. Mathers, M. Dickinson, M. Scott, N. Quiney	Original research	Accepted
3836183	The Cost of Complications within and Enhanced Recovery After Surgery Programme	B. Morrison , C. Jones, L. Kelliher, E. Mathers, M. Scott, M. Dickinson	Original research	Accepted
3859794	Mirtazapine for postoperative nausea and vomiting: systematic review and meta-analysis	D. Bhattacharjee , B. Doleman, J. Lund, J. Williams	Original research	Accepted
3868620	Investigation of Preoperative Anaemia in Upper GI Major Cancer Surgery	D. Freeman , S. Smart	Original research	Accepted
3868369	Does a novel Perioperative Medicine team make a difference?	D. Wagstaff , D. McGuckin , D. Walker, R. Moonesinghe	Original research	Accepted
3846090	Postoperative Critical Care Facilities in the United Kingdom: Not as Simple as 1-2-3	D. Wong , J. Bedford, M. Chazapis, L. Farmer, D. Saunders, S. Harris, S. Moonesinghe	Original research	Accepted
3868055	Low-dose S+ ketamine in target-controlled intravenous anaesthesia with remifentanyl and propofol for open gynaecological surgery: a randomised controlled trial	F. Ithnin , D. Tan, C. Tan, D. Mathur, X. Xu, R. Sinnappan, R. Sultana, A. Sia, B. Sng	Original research	Accepted
3868287	Adjuvant analgesia in the management of acute pain	H. Daykin	Original research	Accepted
3856011	POM-VLAD: developing visual life adjusted displays to demonstrate observed vs. expected postoperative morbidity	J. Bedford , D. Wong, S. Crowe, R. Moonesinghe	Original research	Accepted
3866982	A prospective observational study correlating early warning score (EWS) and patient outcomes in the emergency surgical population at University Teaching Hospital (UTH), Lusaka	J. Pearson , L. Kettley, N. Lal, K. Foy , H. Blackwood, M. Bould	Original research	Accepted
3853945	Assessing the potential use of Optiflow™ for preoxygenation before anaesthesia	J. Powell , P. Butler	Original research	Accepted
3838919	Comparative evaluation of Airtraq™ and GlideScope® videolaryngoscopes for difficult paediatric intubation in a Pierre Robin manikin	N. Desai , M. Johnson, K. Priddis, L. Chigaru	Original research	Accepted

Abstract no:	Abstract title	Author(s)	Category	Status
3868307	Patient-Centred Outcome Measures for Major Surgery (P-COMMaS): preliminary results of an AAGBI-funded, multicentre NIHR portfolio study	O. Boney , R. Moonesinghe, M. Grocott	Original research	Accepted
3859233	A randomized controlled trial comparing tapendatol with oxycodone in non breastfeeding women post elective cesarean section surgery	R. ffrench-O'Carroll , H. Steinhäuser, S. Duff, J. Close, J. McNamara, N. Ahmed, N. Molloy, M. Murray, S. Immani	Original research	Accepted
3867918	A review of the effects of physician expressions of uncertainty on patient satisfaction.	R. McGovern , D. Harmon	Original research	Accepted
3852262	Use of pre-emptive ephedrine guided by perfusion index in the management of maternal hypotension secondary to spinal anaesthesia - a randomized controlled trial	S. Salim , S. Philip	Original research	Accepted
3867201	An analysis of retractions of papers authored by Scott Reuben, Joachim Boldt and Yoshitaka Fujii	U. McHugh , S. Yentis	Original research	Accepted
3861502	Risk Factors for Pruritus during Labour Epidural Analgesia	Y. Wang , R. Sultana, A. Sia, B. Sng	Original research	Accepted
3859855	Staff perceptions of activity on labour ward	A. Green , M. Salman, S. Yentis, A. McGregor	Survey	Accepted
3868582	The Use Of Patient Technology in Major Surgery Care	A. Martin , J. Macdonald, D. Conway, M. Machin, R. Powell, E. Wilkins, J. Moore	Survey	Conditionally accepted
3868563	The Laparotomy Team: how well do we work together?	C. Berwick , S. Morton , N. Lown	Survey	Accepted
3867605	Survey of Trainee Anaesthetists' Experience of General Anaesthesia in Obstetrics	C. Frankling , E. Werpachowska, N. Osborn	Survey	Accepted
3868306	Assessing postoperative myalgia after use of suxamethonium in day surgery procedures	G. Lingam , A. Halimi , B. Netke	Survey	Accepted
3861795	Anaesthetic Trainee Experience in the Emergency Department: A Survey leading to change	H. Smith , K. Grailey, P. Verma, M. Gooneratne	Survey	Conditionally accepted
3853332	Risk potential - device diversity in anaesthetics	J. Schumacher, A. Gupta	Survey	Accepted
3850659	The feasibility of using email to facilitate communication with postnatal mothers as part of a survey to reduce post-caesarean surgical site infection.	M. MacLeod , I. Densham, V. Fludder	Survey	Accepted
3850458	Elective Surgery Skin Washing Survey	P. Bembridge , C. Wood, N. Allan	Survey	Accepted
3868436	A Review of Elective Primary Arthroplasties Requiring Critical Care	P. Orzylowski , R. McKenna, N. Storey	Survey	Conditionally accepted
3861835	National survey: Variation in transfer medicine training and trainees' level of confidence across England	P. Shah , S. Pattnaik	Survey	Conditionally accepted
3834322	The 3-3-2 rule and upper lip bite test in predicting difficult laryngoscopic intubation	P. Vasinanukor, R. Akarapatima , P. Rujirojinda, N. Siripunt	Survey	Accepted

Abstract no:	Abstract title	Author(s)	Category	Status
3843044	The perceptions of UK clinicians towards postoperative critical care	S. Hashim , D. Wong, L. Farmer, S. Harris, S. Moonesinghe	Survey	Accepted
3868533	Factors associated with upper limb disorders in anaesthetists -- a survey of AAGBI members	S. Leifer , S. Yentis, K. Asanati, S. Choi	Survey	Accepted
3867065	To WATCH Out For:	Y. Kalamkar, V. Mehta , R. Sundara Rajan	Survey	Conditionally accepted
3849359	Resurrecting NELA at Newham: factors in laparotomy care in a district general hospital	M. Shaw	NELA Trainee Poster Prize	Accepted
3867944	NELA & emergency theatre risk scoring considerably improved by introduction of electronic booking	G. Gladstone , H. Hammerbeck, M. Turnbull, A. Rashid	NELA Trainee Poster Prize	Accepted
3883528	The development of a PPOSSUM risk based landing card improved documentation of predicted preoperative risk in patients undergoing emergency laparotomy	L. Verschueren , M. Oliver, S. Bampoe	NELA Trainee Poster Prize	Accepted
3883546	Use of Patient Focus Groups in Enhancing The Emergency Laparotomy Patient Experience.	S. Williams , M. Leong, H. Usma, E. Decker, N. Kukreja, S. Hare	NELA Trainee Poster Prize	Accepted
