

# WSM London 2018

## Accepted poster list

Posters shortlisted for discussion during the facilitated discussion session on Thursday 11 January 2018 at 11:00 – 12:30 highlighted in blue

Abstract no:	Abstract title	Authors (presenting author shown in bold)
	<b>Audit &amp; quality improvement</b>	
1	50 shades of grey: radiation safety knowledge amongst anaesthetists and occupational levels of exposure amongst trainees	<b>S. Aggarwal</b> , <b>S. Moore</b> , G. Wilbourn
2	Consent knowledge and training	<b>A. Amlani</b> , N. Bahal, A. Manoras
3	Efficacy of regional anaesthesia for hand and forearm surgery: a prospective audit	A. Kumar, <b>J. Ang</b> , <b>L. Pirkis</b>
4	Quality improvement project: a postoperative anaesthesia review service	<b>S. Bali</b> , Z. Milovanovic, S. Okutubo, C. Talati
5	Audit on the availability and supply of emergency drugs for anaesthesia and sedation	<b>F. Beatty</b> , J. Wakeford, A. Edmonds
6	Reducing the risk of headache after inadvertent dural puncture in an obstetric population: an audit of practice in two teaching hospitals	<b>V. Boardman</b> , R. Menon, D. Odedra, M. Southworth, S. Sen
7	Fasting of clear fluids on the trauma list: a quality improvement project	<b>A. Boulton</b> , A. Kelly
8	Neuromuscular blockade: a trainee-led audit of current practice in Scotland	<b>Y. Brama</b> , L. Foulds, K. Zealley, G. Rodney, C. Urquhart, B. Shippey, D. Fallaha, D. Alcorn, P. Bangalore, R. Williamson
9	Can electronic prescribing records change anaesthetists prescribing practice?	<b>G. Brown</b> , <b>J. Small</b> , T. Geary
10	Improving the efficiency of volatile anaesthesia by changing default ventilator settings	<b>R. Carpenter</b> , A. Allan, P. Browne
11	Paediatric pain management in a post-codeine world	<b>P. Chater-Lea</b> , A. Mohabir, D. Kelly
12	The impact of the golden patient rule in emergency theatres	<b>A. Chauhan</b> , M. Perera, G. Kandasamy
13	Incidence and risk factors for acute kidney injury after elective lower limb arthroplasty	<b>Y. Chen</b> , M. Priestnall, V. Annam
14	Retrospective analysis of positive blood cultures taken on the intensive care unit	<b>R. Chisholm</b>
15	Planned open and converted open cholecystectomy: analgesic options and outcomes	<b>S. Churchill</b> , L. Cohen, G. Roberts, O. Adekanye
16	Is lung protective ventilation used in anaesthetic practice at a district general hospital?	L. Moore, <b>T. Cruz-Cervera</b> , R. Kapoor, S. Zope
17	Pre-operative fasting audit: "keep calm and carry on drinking". The importance of patient education in reducing length of fluid fast duration	P. Beddoes, <b>M. Das</b> , J. Jinnah, C. Johnston
18	Pre-operative assessment - getting the basics right	<b>S. Desai</b> , D. Jumani, A. Morrison
19	An effectiveness study of bilateral rectus sheath catheters analgesia -- comparing surgically and ultrasound guided inserted catheters. How can we improve our current practice?	<b>M. Desai</b> , A. Tsanidis, M. Narayanan, P. Joshi
20	Intranasal fentanyl. An effective analgesic for minor burns dressing change/debridement in children	<b>K. Duraisamy</b> , B. Eden-Green, E. Pickles, L. Milne

# WSM London 2018

## Accepted poster list

Posters shortlisted for discussion during the facilitated discussion session on Thursday 11 January 2018 at 11:00 – 12:30 highlighted in blue

Abstract no:	Abstract title	Authors (presenting author shown in bold)
21	PREP: The Pre-operative Risk Education Package. An online educational resource for primary care clinicians to encourage community based prehabilitation prior to major non-cardiac surgery	<b>J. Durrand</b> , F. McHardy, T. Goh, S. Fenton, E. Land, C. Norman, Z. Llewellyn, K. Stevens, G. Danjoux
22	Peri-operative anaemia and red blood cell transfusion practice in patients undergoing repair of fractured neck of femur: a quality improvement project	<b>M. Evans</b> , K. Papadopoulou, K. Blightman
23	Major maxillo-facial surgery, pre-operative anaemia and transfusion	<b>J. Fawkner-Corbett</b> , M. Gwinnutt
24	Improving the safety of anaesthesia induction in major trauma patients: a completed audit cycle	<b>L. Fenner</b> , P. Morgan
25	Improving the quality of CVC documentation through introduction of a new proforma- a retrospective case note audit	<b>D. Findlay</b> , <b>J. Cohen</b> , J. Barrie, K. Naylor, R. Tully
26	Handover of postoperative patients to Surgical High Dependency (sHDU)- a quality improvement project	<b>G. Fleming</b> , L. Taylor, L. Hogg
27	Energy demand for temperature control in therapeutic normothermia during febrile sepsis	<b>P. Forrest</b> , J. Anstey, C. Karcher, R. Bellomo, P. Emery, H. Cass
28	Restricted use of open systems for injectable medication: a quality improvement project at one district general hospital	<b>L. Foster</b> , K. Edwards
29	An audit reviewing screening for pregnancy in critical care patients	<b>E. Frostick</b> , M. Jackson
30	Conversion from regional to general anaesthesia for caesarean sections in a district general hospital	<b>E. Frostick</b>
31	Incidence and severity of peri-operative nasal bleeding due to nasal intubation during general anaesthesia in children undergoing dental rehabilitation procedures and applicability of oral intubation	<b>S. Gomaa</b>
32	Audit of local anaesthetic use for arterial blood gas sampling	<b>B. Goodman</b> , R. Markes, G. Park, A. Refson-Fertleman, J. Ross
33	Does initial clinical impression predict cardiopulmonary exercise testing performance?	<b>C. Halligan</b> , R. Davies, A. Funnell, I. Appadurai, G. Rose, D. Bailey
34	Antibiotic resistance coding: generating revenue and improving data capture	<b>R. Harris</b> , <b>I. Malik</b>
35	Total and high spinal management: high risk low incidence: an MDT flowchart to streamline rapid and effective care	<b>J. Malouf</b> , B. Macafee
36	WITHDRAWN	
37	Neurological outcome 6 months post discharge of survivors of out of hospital cardiac arrest: assessment of psychosocial impact and a proposal for improvement of follow up services	<b>A. Ibrahim</b> , <b>M. Krupa</b> , A. Crerar-Gilbert

## Accepted poster list

Posters shortlisted for discussion during the facilitated discussion session on Thursday 11 January 2018 at 11:00 – 12:30 highlighted in blue

Abstract no:	Abstract title	Authors (presenting author shown in bold)
38	What's my name? Recall of theatre staff names after the team brief	<b>M. Jawad, I. Kantsedikas</b>
39	Arterial line insertion in intensive care: improving teaching for junior doctors	<b>K. Kendrick, D. Pandya, A. Violaris</b>
40	4½ years of epidural provision at a DGH: Some encouraging findings for the novice obstetric anaesthetist	<b>S. Kudsk-Iversen, G. Jackson</b>
41	An audit of the knowledge of emergency treatments amongst anaesthetic staff	<b>R. Lee, R. Medlock, D. Kelly</b>
42	Epidural training: a lemon-aid	<b>R. Little, J. Haines</b>
43	Re-audit of the factors affecting the use of low flow anaesthesia in a district general hospital	<b>S. Mackie, S. Chadwick</b>
44	An audit of naloxone usage in Arrowe Park Hospital	<b>S. Mackin, E. Lane</b>
45	Evaluation of transport ventilators used by a paediatric intensive care transport service - a bench study	<b>G. Manning, S. Ray, L. Chigaru</b>
46	Intra-operative ventilator settings. The use of Positive End-Expiratory Pressure and lung protective ventilation in general anaesthesia	<b>J. Marway, O. Hussain, S. Wythe, S. Saha</b>
47	Screening for obstructive sleep apnoea in the pre-operative clinic	<b>J. Mitchell, P. Orzylowski, D. Sword, K. Stafford</b>
48	Development of an electronic obstetric anaesthetic intervention record and regional database. A quality improvement project: St George Hospital, Sydney, NSW	<b>I. Mohamed Iqbal, R. Monteiro</b>
49	Post discharge nausea and vomiting in day surgery patients	<b>E. Morgan, K. Sinha, J. Sadashivaiah</b>
50	Opioid-sparing effect of intrathecal diamorphine in Robotic-Assisted Radical Prostatectomy (RARP)	<b>B. Morrison, P. Alexopoulou, C. Jones, L. Kelliher, U. Drakeford</b>
51	Audit of patient re-admissions to a tertiary cardiothoracic intensive care unit one year after the introduction of a postoperative critical care assessment team - has it made a difference?	<b>L. Nasser, A. Ashworth, N. Singh, S. Stirling</b>
52	Postoperative monitoring on the labour ward	<b>S. Natarajan</b>
53	Sustainability in Anaesthesia: A service evaluation of theatre waste recycling	<b>A. Nesaratnam, K. Jani, S. Cleaver</b>
54	Are general anaesthesia guidelines and charts sufficient for use in cardiac procedures?	<b>S. Norman, A. McDonald, N. Barham, A. Mellor</b>
55	Audit of laryngeal mask cuff pressure in adults	<b>J. Noyes, T. Lowes</b>
56	Establishing a blended learning environment	<b>J. Noyes, J. Knight</b>
57	WITHDRAWN	
58	Can't oxygenate, can't intubate. Is knowing the algorithm enough? A survey assessing anaesthetic trainee and consultant familiarity with difficult airway trolley equipment	<b>S. Patel, C. Cann</b>
59	A service evaluation for Tranexamic Acid in surgery for proximal femoral fractures	<b>C. Poots, A. Eggleton, J. Hamilton, L. Ogonda, R. Corry</b>
60	An audit of waste management on the intensive care unit at Freeman Hospital. Could the introduction of recycling help reduce costs and also be beneficial to the environment?	<b>S. Prasad, S. Scully</b>

# WSM London 2018

## Accepted poster list

Posters shortlisted for discussion during the facilitated discussion session on Thursday 11 January 2018 at 11:00 – 12:30 highlighted in blue

Abstract no:	Abstract title	Authors (presenting author shown in bold)
61	A pilot study into infusion practice. Is the prescribed dose being administered?	<b>T. Rassam</b> , D. Cooper, A. Mellor
62	Confidence of anaesthetists managing ventilation of critically ill paediatric patients during resuscitation and stabilisation can be improved with a short, simple practical teaching session: a quality improvement project	<b>D. Reicher</b> , G. Judd
63	Difficult airway update for ODPs: a quality improvement project	E. Fadden, <b>K. Rodgers</b> , N. Jain
64	How do junior anaesthetists manage the obese airway? A retrospective analysis of airway management, drug dosing, difficult airway incidence and postoperative complications	Z. Spilsbury, <b>G. Salvage</b> , R. Khirwadkar
65	Is it time for BIS-MAC?	<b>P. Sharma</b> , M. Balasubramanian
66	A THRIVE in education for obstetric theatre staff	<b>J. Small</b> , S. Smith, R. Junkin
67	Development and Implementation of the difficult airway training for anaesthetic assistants (DATAA) course	<b>D. Smith</b> , T. Irving, <b>M. Marbaniang</b> , H. Gorton
68	A QI project focusing on patient satisfaction and maintaining dignity	<b>R. Sykes</b> , J. Holland
69	Retrospective audit of pre-eclampsia patients undergoing caesarean section with neuraxial anaesthesia	<b>Z. Tan</b> , D. Sng, S. Nagara, R. Dabas, R. Sultana, A. Sia, B. Sng
70	Change in endotracheal cuff pressure in different cuff shapes during gynecological laparoscopic surgery in the trendelenburg position	<b>S. Techapiyaporn</b> , O. Karnjanawanichkul, T. Chanchayanon, W. Juthasantikul, B. Suwanrat
71	Intrathecal opiates for total hip replacement: Which is the better option?	<b>M. Verma</b> , <b>D. Espitalier-Noel</b> , L. Alastair, B. Catherine
72	Introduction of lanyards stating specific job title improves communication, teamwork and misidentification within the resuscitation team	<b>C. Verney</b> , L. Williams, K. Cheesman
73	An anaesthetic plan for children	<b>J. Wang</b> , R. Brown
74	PICC and midline PA-A lead service, a 2 year review	K. Barron, T. Kumpulainen, A. Balynn, <b>L. Wee</b>
75	Innovating and leading change: a practical guide to transforming the regional post-fellowship registrars' teaching: the Mersey experience	<b>V. Whitby</b> , <b>J. Tan</b>
76	Anaesthetic management and outcomes of sickle cell disease in the pregnant population - is maternal antenatal echocardiography of value?	<b>A. White</b> , R. Wendler, S. Hammond
77	Retrospective audit of day of surgery cancellations in a district general hospital	<b>E. Wilson</b> , L. Martin
78	Daily sodium requirements are exceeded in the administration of intravenous antibiotics. Routine reconstitution of intravenous antibiotics with 5% glucose would significantly reduce this sodium load	<b>I. Young</b> , G. Drummond
79	Auditing the impact of the Lothian guideline for intravenous fluid prescribing on compliance with NICE guidance	<b>I. Young</b> , G. Drummond, S. Williams

# WSM London 2018

## Accepted poster list

Posters shortlisted for discussion during the facilitated discussion session on Thursday 11 January 2018 at 11:00 – 12:30 highlighted in blue

Abstract no:	Abstract title	Authors (presenting author shown in bold)
80	Dose error reduction software significantly reduces infusion related incidents in an intensive care unit in Edinburgh	<b>I. Young</b> , R. Paterson, M. Naysmith
81	Twitch every time! Improving our usage of neuromuscular monitoring	<b>D. Zeinali</b> , A. Vas-Falcao, M. McMenamin
<b>Case report</b>		
82	Placenta percreta and uterine rupture	<b>S. Churchill</b> , M. Stacey
83	Airtraq intubation in a newborn with a difficult airway secondary to Pierre Robin sequence	<b>N. Desai</b> , S. Abdelrazeq, L. Chigaru, E. Randle
84	Have you " Pick"ed up everything? A unique case of flash pulmonary oedema	<b>R. Ene</b> , V. Sundaram, S. Iqbal
85	Continuous bilateral Quadratus Lumborum blocks for postoperative analgesia after emergency laparotomy in an immune-compromised patient with sepsis	D. Liotiri, <b>J. Gibson</b>
86	Catch of the day - Fish aspiration whilst intoxicated causing right upper lobe collapse	<b>J. Hooper</b> , M. Gorecha, D. Higgins, A. Ismail
87	A dental abscess gone bad: An atypical diagnostic dilemma	<b>S. Iqbal</b> , R. Ene, V. Sundaram
88	A mal-positioned central venous catheter, leading to the diagnosis of a partial anomalous pulmonary venous drainage.	<b>A. Madhok</b> , K. Bhatia
89	Peri-operative anaesthetic considerations and management of corrective scoliosis surgery in Friedreich's Ataxia: an echocardiographic series of Takotsubo cardiomyopathy	<b>J. Malouf</b> , M. Langdon
90	Anaesthetic management of mid-aortic syndrome	<b>D. McGuckin</b> , <b>J. Lowery</b>
91	Postoperative generalised tonic-clonic seizure and cardiovascular collapse following intravenous lidocaine bolus and infusion for robotic-assisted laparoscopic cystectomy	<b>B. Morrison</b> , A. Patel, M. Dickinson
92	The anaesthetic management of a parturient with Bethlem Myopathy	A. Hartopp, <b>J. Peerless</b> , A. Gupta, A. Owolabi, S. Griffiths
93	Push and then pop! A rare cause of chest pain and hypoxia following labour	<b>J. Peerless</b> , A. Hartopp, K. Cheesman
94	Superimposed pre-eclampsia: an underappreciated challenge	<b>D. Robinson</b> , R. Chandra
95	Pre-eclampsia, peripartum cardiomyopathy and B-type natriuretic peptide	<b>J. Sidhu</b> , E. Nurmi
96	Peri-operative management of C1 esterase inhibitor deficiency	<b>R. Sykes</b> , G. Morrison
97	Severe pre-eclampsia, MRSA colonisation, fourth emergency caesarean section: an anaesthetic conundrum	<b>H. Tailor</b> , K. Richardson, S. Yentis
98	Dantrolene is not the answer to 2,4-dinitrophenol poisoning; more heated debate	<b>J. Van Schoor</b> , E. Khanderia, A. Thorniley
99	Zebras, not horses: peri-operative cardiac complications in a primigravida	<b>H. Venkatesh</b> , A. Quayle, <b>S. Saxena</b>
100	Innominate artery syndrome detected by intra-operative loss of end-tidal carbon dioxide	<b>B. Walsh</b> , K. McCarthy, F. Holt
101	WITHDRAWN	

# WSM London 2018

## Accepted poster list

Posters shortlisted for discussion during the facilitated discussion session on Thursday 11 January 2018 at 11:00 – 12:30 highlighted in blue

Abstract no:	Abstract title	Authors (presenting author shown in bold)
102	Early restenosis following aortic balloon valvuloplasty	<b>A. Wilson</b> , P. Clements
103	Spontaneous spinal epidural haematoma in a 39 week primigravida woman	<b>T. Wong</b> , A. Low
<b>Original research</b>		
104	POM-VLAD: developing visual life adjusted displays to demonstrate observed vs. expected postoperative morbidity	<b>J. Bedford</b> , D. Wong, S. Crowe, R. Moonesinghe
105	5-HT3 antagonists and the analgesic efficacy of paracetamol: systematic review and meta-analysis	B. Doleman, <b>D. Bhattacharjee</b> , J. Lund, J. Williams
106	Mirtazapine for postoperative nausea and vomiting: systematic review and meta-analysis	<b>D. Bhattacharjee</b> , B. Doleman, J. Lund, J. Williams
107	Adjuvant analgesia in the management of acute pain	<b>H. Daykin</b>
108	Comparative evaluation of Airtraq™ and GlideScope® videolaryngoscopes for difficult paediatric intubation in a Pierre Robin manikin	<b>N. Desai</b> , M. Johnson, K. Priddis, L. Chigaru
109	A randomized controlled trial comparing tapendatol with oxycodone in non breastfeeding women post elective cesarean section surgery	<b>R. ffrench-O'Carroll</b> , H. Steinhäuser, S. Duff, J. Close, J. McNamara, N. Ahmed, N. Molloy, M. Murray, S. Immani
110	Investigation of pre-operative anaemia in upper GI major cancer surgery	<b>D. Freeman</b> , S. Smart
111	The health economic benefits of peri-operative patient warming for prevention of blood loss and transfusion requirements as a consequence of Inadvertent Peri-operative Hypothermia (IPH)	A. Ingram, <b>M. Harper</b>
112	Low-dose S+ ketamine in target-controlled intravenous anaesthesia with remifentanyl and propofol for open gynaecological surgery: a randomised controlled trial	<b>F. Ithnin</b> , D. Tan, C. Tan, D. Mathur, X. Xu, R. Sinnappan, R. Sultana, A. Sia, B. Sng
113	Investigation of dynamic decision support during simulated anaesthesia	<b>A. Marchant</b>
114	A review of the effects of physician expressions of uncertainty on patient satisfaction	<b>R. McGovern</b> , D. Harmon
115	An analysis of retractions of papers authored by Scott Reuben, Joachim Boldt and Yoshitaka Fujii	<b>U. McHugh</b> , S. Yentis
116	The impact of reduced fasting times and carbohydrate preload on the peri-operative insulin and glucose response in liver resection	<b>B. Morrison</b> , C. Jones, L. Kelliher, E. Mathers, M. Dickinson, M. Scott, N. Quiney
117	The cost of complications within and Enhanced Recovery After Surgery programme	<b>B. Morrison</b> , C. Jones, L. Kelliher, E. Mathers, M. Scott, M. Dickinson
118	Assessing thinking dispositions of clinicians as individuals and team members	<b>A. O'Dwyer</b> , J. Kinnear, N. Wilson
119	A prospective observational study correlating early warning score (EWS) and patient outcomes in the emergency surgical population at University Teaching Hospital (UTH), Lusaka	<b>J. Pearson</b> , L. Kettley, N. Lal, <b>K. Foy</b> , H. Blackwood, M. Bould
120	Assessing the potential use of Optiflow™; for pre-oxygenation before anaesthesia	<b>J. Powell</b> , P. Butler

## Accepted poster list

Posters shortlisted for discussion during the facilitated discussion session on Thursday 11 January 2018 at 11:00 – 12:30 highlighted in blue

Abstract no:	Abstract title	Authors (presenting author shown in bold)
121	Video and Audio Summarised Teaching (VAST). A new method of teaching cardiac anaesthesia to undergraduate medical students; A pilot study	<b>A. Ramaesh</b> , G. Keenan
122	Use of pre-emptive ephedrine guided by perfusion index in the management of maternal hypotension secondary to spinal anaesthesia - a randomized controlled trial	<b>S. Salim</b> , S. Philip
123	Does a novel peri-operative medicine team make a difference?	<b>D. Wagstaff</b> , <b>D. McGuckin</b> , D. Walker, R. Moonesinghe
124	Risk factors for pruritus during labour epidural analgesia	<b>Y. Wang</b> , R. Sultana, A. Sia, B. Sng
125	Postoperative critical care facilities in the United Kingdom: not as simple as 1-2-3	<b>D. Wong</b> , J. Bedford, M. Chazapis, L. Farmer, D. Saunders, S. Harris, S. Moonesinghe
<b>Survey</b>		
126	Elective surgery skin washing survey	<b>P. Bembridge</b> , C. Wood, N. Allan
127	The laparotomy team: how well do we work together?	<b>C. Berwick</b> , <b>S. Morton</b> , N. Lown
128	Survey of trainee anaesthetists' experience of general anaesthesia in obstetrics	<b>C. Frankling</b> , E. Werpachowska, N. Osborn
129	Staff perceptions of activity on labour ward	<b>A. Green</b> , M. Salman, S. Yentis, A. McGregor
130	Risk potential - device diversity in anaesthetics	J. Schumacher, <b>A. Gupta</b>
131	The perceptions of UK clinicians towards postoperative critical care	<b>S. Hashim</b> , D. Wong, L. Farmer, S. Harris, S. Moonesinghe
132	Factors associated with upper limb disorders in anaesthetists: a survey of AAGBI members	<b>S. Leifer</b> , S. Yentis, K. Asanati, S. Choi
133	Assessing postoperative myalgia after use of suxamethonium in day surgery procedures	<b>G. Lingam</b> , <b>A. Halimi</b> , B. Netke
134	The feasibility of using email to facilitate communication with postnatal mothers as part of a survey to reduce post-caesarean surgical site infection	<b>M. MacLeod</b> , I. Densham, V. Fludder
135	The use Of patient technology in major surgery care	<b>A. Martin</b> , J. Macdonald, D. Conway, M. Machin, R. Powell, E. Wilkins, J. Moore
136	A review of elective primary arthroplasties requiring critical care	<b>P. Orzylowski</b> , R. McKenna, N. Storey
137	WITHDRAWN	
138	Anaesthetic trainee experience in the emergency department: a survey leading to change	<b>H. Smith</b> , K. Grailey, P. Verma, M. Gooneratne
<b>NELA Trainee Poster Prize</b>		
139	NELA and emergency theatre risk scoring considerably improved by introduction of electronic booking	<b>G. Gladstone</b> , H. Hammerbeck, M. Turnbull, A. Rashid
140	Resurrecting NELA at Newham: factors in laparotomy care in a district general hospital	<b>M. Shaw</b>
