

Assistant Editor for *Anaesthesia Reports*

The Association of Anaesthetists is looking to appoint a new Assistant Editor for *Anaesthesia Reports*.

The Association of Anaesthetists has launched a new fully independent case report journal, *Anaesthesia Reports*, in January 2019. This is the latest iteration of *Anaesthesia Cases* and takes the traditional case report to the 21st century by also including multimedia pieces. The Editorial Board hopes to be indexed in the main databases such as PubMed in the near future. The role of the Assistant Editor is mostly email and web-based and involves reviewing submitted manuscripts and multimedia items and editing them in preparation for publication. The successful applicant should have a history of publication, be able to write coherent and elegant English, and have good time management skills. Previous editorial experience is not necessary, but experience of acting as an assessor/ referee for papers submitted to peer-review journals is desirable. The term of office is 3 years with up to two extensions. As well as the opportunity to work with an excellent and cohesive editorial team, rewards include free registration at major Association of Anaesthetists' meetings.

Applicants should submit a report of up to 500 words on 'The value of case reports in 21st century anaesthesia' by email to the Editor, **Dr Kariem El-Boghdadly (elboghdadly@gmail.com)**, together with a short curriculum vitae (no more than two A4 pages). Shortlisted candidates may be asked to perform a small number of editorial tasks as part of the selection process.

We would particularly welcome applications from senior trainees and consultants who are within the first ten years of their substantive appointments and looking to develop their reviewing and editing skills.

Applicants who wish to discuss this post are advised to contact the Editor, Dr Kariem El-Boghdadly.

The closing date for applications is **17 March 2019**

**Association
of Anaesthetists**
