## COMPETING INTERESTS POLICY

---

### Declaration of interest

It is the policy of the AAGBI that presenters contributing to meetings should disclose any relationship that may have a direct bearing on the subject matter of their presentations.

This includes relationships with pharmaceutical or biomedical devices companies or any other company whose products or services are related to the subject matter of the presentation.

Such disclosures should be made in the presentation itself and included in any summary that is provided to the AAGBI for publication in meeting booklets or handouts.

If you have any questions about this policy or its implementation, please contact a member of the events department.
