

Abs no:	Abstract title	Author. Presenting author(s) shown in bold
List of free papers: Oral presentations		
1	Development of a free online resource for anaesthesia trainees planning higher and advanced training fellowships	R. Brinkler , A. Strachan
2	Myocardial trabeculae improve left ventricular function: a combined UK Biobank and computational analysis	T. Dawes , M. Serrani, W. Bai, J. Cai, H. Suzuki, A. de Marvao, P. Matthews, D. Reuckert, S. Cook, M. Costantino, D. O'Regan
3	Rationalising pre-operative blood sampling in a Belfast Trust Hospital with the aim for reducing costs	S. Gilliland , C. Barker, A. Callaghan
4	Ethical issues in and acceptance rates of abstracts submitted to AAGBI conferences	C. Lawson , A. Fyles, G. Campbell, S. Yentis
5	Survey of obstetric patients recollection of informed consent for regional anaesthesia	J. O'Donoghue , T. Keast, T. Murphy
6	The World Health Organization Surgical Safety Checklist in the Republic of Benin: a nationwide implementation project	K. Wright , N. Capo-Chichi, F. Sdogas, M. Nicholson, K. Harvey-Kelly, A. Herbert, K. Close, J. Tay, G. Nickols, K. Randall, M. White
List of free papers: Oral case report presentations		
7	Intravesical use of reactive oxygen species	T. Al-Ani , I. Grecu, S. Wimbush, M. Dryden
8	Beyond the fear of tetanus...	D. Lee , B. Van Staden, C. Webb
9	Exertional heat stroke as a cause of acute liver failure	T. Pirotta , A. Aquilina, A. Aquilina
Poster competition		
Medical students poster prize		
10	An audit of the compliance with best practice guidelines for the insertion and care of central venous catheters	D. Chandla , D. Khare
11	Managing trauma-induced coagulopathy in the pre-hospital environment	N. Doshi
12	Managing tracheostomy emergencies: a survey of trainee anaesthetists' training, capability and confidence	C. Dunmore , J. Lowe, S. Fludger
13	Fatigue in anaesthetists and ICU doctors	L. Hill , B. Docherty, P. McConnell
14	A retrospective audit looking at the impact of pre-operative assessment on same day cancellations of elective surgical procedures at the Royal Hospital for Children, Glasgow	J. McGuckin , R. Davenport
15	Right ventricular function following pulmonary resection: a simulation study	B. McKinlay , B. Shelley
16	Patient satisfaction with the pre-operative anaesthetic visit in elective surgical patients - a supervised medical student audit	D. McMichael , A. Laurie
17	Factors influencing clinician's coherence with local antimicrobial guidelines in the management of sepsis in Wales	P. McNulty
18	Laparoscopic specimen bags study	A. Mohammed
19	ICU Chest radiograph audit	D. Nolan , A. Joseph, L. Bullman, A. Blyth

Abs no:	Abstract title	Author. Presenting author(s) shown in bold
20	Medical students as evaluators of resident physician communication skills	S. Rico , R. Daly Guris, S. Toy
21	Quantitative assessment of guideline-based medical apps	R. Robertson , G. Bell
22	How distractible are anaesthetists when performing regional anaesthesia for obstetric procedures?	T. Rotimi , M. Reindorf, M. Monks, W. Yoong
23	Knowledge of the location of anaesthetic emergency equipment - a patient safety audit	C. Rundell , J. Lowery, S. Barrett
24	Investigating pre-operative patient understanding of anaesthetic procedures	S. Sookramanien , A. Banerjee , A. Reddy, R. Khelifa
25	A retrospective audit of intra-operative central venous pressure and liver resection in children	L. Tan , Y. Low, H. Hee
26	Barriers opposing completion and documentation of a structured intra-operative handover	M. Ward , C. Johnston
Foundation Year Trainees		
27	Peri-operative blood pressure management in surgical patients: a local audit	R. Akthar , M. Aslam, S. George
28	Venous thromboembolism assessments and prescribing in patients admitted from day surgery unit	I. Blazy , M. Rogers, R. Cliff
29	Blood management and the tranexamic acid test. A retrospective audit of patient blood management in urological procedures	S. DeFriend , C. Carroll
30	A 4-point checklist to improve theatre utilisation turnaround time and reduce costs	J. Gan , O. Musbahi, K. Kow, S. Henari, S. Anand, R. Kerry
31	P-POSSUM scoring in patients undergoing emergency laparotomies at Lincoln County Hospital	S. Gawley , C. O'Dwyer
32	An audit on pre-operative fasting times in patients on the acute trauma list	J. Haq , H. Mruthunjaya
33	Missing the mark in pre-operative anaemia	A. Hill , N. Howard, R. Kapoor, C. Jerrum
34	What's the point? Point of care testing for fractured neck of femurs	J. MacDonald, H. Fell
35	Every calorie counts: an audit on the nutritional impact of fasting for clinical procedures in intensive care	L. Mallam , J. O'Flynn
36	Introduction of tracheostomy and laryngectomy bed signs to Critical Care wards	G. McCreath , J. Gormley , J. Prinzelin, T. Vassalos
37	Implementation of a simple ward round checklist to improve ICU care and aid multidisciplinary communication	R. Palin , M. Bromley, S. Marsh
38	Developing an electronic resource to improve patient empowerment prior to elective surgery	A. Schorah , I. Sivanandan, M. Chandra
39	Does Procollagen Peptide III (PCP-III) predict susceptibility to lung injury after cardiac surgery?	C. Schultz-Swarthfigure , P. McCall, J. Kinsella, B. Shelley
40	Assessing and comparing maternal satisfaction rates for regional and non-regional analgesia during operative vaginal deliveries: an audit	M. Thorpe
41	What's the bleeding point? A closed-loop audit of blood tests in the cardiac department of a tertiary centre	L. Vickers , T. Barrow, W. Pitts, F. Mortell

Poster list (shortlisted posters highlighted in yellow)

Abs no:	Abstract title	Author. Presenting author(s) shown in bold
42	The ideal body weight calculator: a passive and sustained quality improvement intervention	A. Virgincar , S. Stevenson, J. Sizer
43	Optimising of a postoperative electronic prescribing protocol to reduce nausea and vomiting	E. Ward , R. Palin, W. Peat
44	Stickler syndrome: a rare genetic disease with anaesthetic implications	J. Zimmermann , D. Stubbs, P. Alexander, B. Matta, M. Snead
ACCS/Core Trainees		
45	Dealing with hairy problems	L. Abela , S. Santucci , M. Buttigieg
46	Audit of epidural service workload on central delivery suite at Mater Dei Hospital, Malta	L. Abela , P. Attard Cortis, G. Abela
47	Successful management of a near fatal Amlodipine overdose	L. Abela , K. Borg Xuereb , C. Abela, A. Spiteri
48	A trainee lead initiative to improve the experience of ACCS Trainees	M. Anderson , S. Howell, A. Pettengell, R. Arr Woodward, J. Wallace, V. Vijayakumar, J. Rogers, S. Adshead, L. Robbins, K. Wright, S. Powrie, G. Graham, T. Walters, N. McArdle, V. Francis, S. Hawkes, C. Humphries, J. Nash, S. Pearson
49	Improving the safe prescribing of postoperative analgesia in the day surgery unit	F. Barlow-Pay , M. Freer
50	An anaesthetic challenge: robot-assisted laparoscopic surgery for an extra-adrenal pheochromocytoma	M. Bevis , A. Gnanamuttu
51	Survey of intravenous fluid therapy knowledge among medical trainees	M. Bishop , P. Jefferson
52	From inpatient to day case: sorting stone surgery	B. Black, M. Griffiths , G. Kandasamy, S. Graham
53	Assessing conformity with the emergency cart check and replenish system	K. Borg Xuereb , M. Janula, T. Esposito
54	Use of an iatrogenic pneumothorax for resuscitation and symptom control in reabsorption atelectasis secondary to bronchial obstruction	J. Bowyer , J. Pickering
55	Spontaneous splenic rupture in glandular fever: a rare and dangerous complication	R. Carpenter
56	Audit of peri-operative and postoperative analgesia in patients undergoing primary elective total hip replacement	D. Choudhuri , M. Gosling
57	Assessing pre-operative fasting knowledge on the wards of Brighton and Sussex University Hospitals	S. Chua , I. Littlejohn
58	Online survey of Brighton and Sussex University Hospitals anaesthetic department on pre-operative fasting thoughts and practices	S. Chua , I. Littlejohn
59	Lowering the carbon footprint of our anaesthetics - using a Golf GTI	J. Danby, T. Errington , I. Baxter, A. Chishti, A. Sweenie
60	When plan A fails	S. Davies , A. Vaidya, R. Shankar, S. Patel
61	The gentle approach for non-invasive blood pressure monitoring reduces skin changes	A. Deeny , P. Merjavý

Abs no:	Abstract title	Author. Presenting author(s) shown in bold
62	A patient with Central Core Myopathy undergoing caesarean section under general anaesthetic	A. Deeny , S. Shevlin
63	Audit of duration of fasting of fluids prior to elective paediatric surgery	A. Dunn, A. Dunn , R. Powell
64	Peri-operative anaemia in a Surgical High Dependency Unit	S. Gaffney , F. Anderson
65	A miniaturised rapid sequence induction checklist sticker to improve the safety of emergency intubations in remote hospital areas	S. Goodhand , J. Keegan, A. Joyce
66	Reducing stress and burnout among anaesthesia trainees with the use of regular peer-led meetings	M. Huniak , E. Howells
67	Balancing the risks of pulmonary embolism and antepartum haemorrhage: an obstetric dilemma	H. Jothiraj , M. Muelmenstaedt, P. Chan, N. Aravindhan
68	Examination of the variability of ASA-PS classification system grading among anaesthetists following the introduction of examples in 2014	S. Kafle , P. Jefferson
69	Improving anaesthesia recruitment at a district general hospital	K. Kendrick, S. Sahota
70	Improving anaesthetic patient safety through regular departmental newsletters	K. Kendrick, R. McKinnon , S. Pooley
71	Location of emergency anaesthetic drugs: a quality improvement project	K. Kendrick, D. Pandya
72	Frequent low fidelity simulation pilot study	S. Kipling , W. Turner, N. Richards
73	Clinical prompts: guidelines on a smartphone platform	T. Leckie , S. Fosker, B. Hardy, N. Forder, K. Murray
74	An audit of current practice in the disposal of controlled drugs in maternity theatres	S. Linnen , M. Davidson, E. McGrady
75	Patient-led quality improvement leads to earlier mobilisation, catheter removal and discharge post elective caesarean section	S. Lonsdale , A. Clark
76	Optimised timing of long-acting opiate reduces breakthrough analgesic requirement following planned caesarean section	S. Lonsdale , A. Clark
77	Nerve blocks within the emergency department for neck of femur fracture - sustaining improvement in practice	I. Mactier , H. Browne, S. Allen
78	Drug reactions in anaesthesia: followed up or forgotten	A. Mahmood, C. Wariyapola , P. Ramasamy
79	Is it getting hot in here? An audit of temperature management comparing two forced air warming devices	A. McCallum , A. Connelly, J. Harkins
80	Preparing for a patient susceptible to malignant hyperthermia - a review of practices in relation to guidelines on machine flush times and activated charcoal filter use	R. McKinnon , G. Matthews
81	Postoperative care after surgery for fractured neck of femur	J. Moran, S. Yamanaka , A. Coombs, M. Mitchell, S. Harris
82	Developing a checklist manual for Theatre Emergencies in Anaesthesia, Medicine & Surgery (TEAMS)	L. Muollo, S. Molyneux , J. Wedgwood, J. Morton

Poster list (shortlisted posters highlighted in yellow)

Abs no:	Abstract title	Author. Presenting author(s) shown in bold
83	Improving the patient pathway: an audit of elderly trauma management in a busy London teaching hospital	M. Murali , L. Bolton, S. Bhatkal
84	cLEANing the drug cupboard: using 5S principles	A. Murugesh-Warren , C. Von Peltz , S. Saha, N. Stevenson
85	Do bundles, booklets and education STOP-AKI in a district general hospital?	K. Newton , R. Chowdhury, S. Lobaz, P. Kay
86	Blame it on the anaesthetist	N. Odeleye , H. Mulchandani
87	Help...fire!	J. Parry , G. Jackson
88	Group and save sampling for maternity patients	J. Parry , G. Jackson, J. Mayer
89	ICU ward round checklist - a quality improvement project	J. Poole , E. McGrenaghan
90	An analysis of strain on Scottish intensive care units between 2005 and 2015	M. Quinn , L. Smyth, P. Smith, S. Cole, C. Wallis, N. Lone
91	Surgical antibiotic prophylaxis in surgery lasting more than 4 hours - quality improvement project	J. Rehnberg , M. Giovannini
92	Availability of emergency algorithms in the anaesthetic room	M. Rehnstrom , K. Farooq
93	Improving technique with the C-MAC D blade: using a 'tea trolley' training programme to disseminate the 'Bath C-MAC D Blade Guide' to anaesthetists and anaesthetic assistants	E. Reynolds, N. Crowther , L. Corbett, T. Cominos, T. Cook, F. Kelly
94	Peer led group discussion improves support for junior doctors	P. Rogers , E. Wilson , S. Cockburn
95	Improving emergency laparotomy outcomes in Glasgow Royal Infirmary; a retrospective review	H. Rooney , R. Carnie , J. Byars, K. Garrity, M. McAdam
96	Improving sodium citrate and ranitidine use for aspiration pneumonitis prophylaxis in patients having caesarean section under general anaesthesia	S. Sathasivam , A. Kapoor
97	Introducing the 'Four-Stage DDAF Technique' for safe intravenous practice to prevent MRSA and MSSA bacteraemia. A quality improvement project	R. Shah, M. Khaku , S. Ioannidis, C. Matthews, J. Bitmead, K. Thomson-Hay, V. Mitchell
98	Transfer documentation of critically ill patients to the UK's largest Neurological and Neurosurgical Hospital	R. Shah, M. Paris, A. Villabona, M. Khaku , A. Luoma, U. Reddy
99	Introducing a patient-centred peri-operative pathway to improve the quality of major gastric and oesophageal surgery at a specialist cancer centre	R. Shah, M. Khaku , E. Bertoja, A. Stewart
100	Your 'iRecovery' from a click of a button: patient recovery after surgery through launch of a novel mobile software app	R. Shah, S. Ioannidis , C. Field, G. Pisapati, F. Caslake Holding, H. Patel, S. Cone, J. Holding
101	Launching a patient-centred recovery app to assess recovery after weight-loss surgery at a specialist Bariatric Centre	R. Shah, S. Ioannidis, C. Field, G. Pisapati, F. Caslake Holding, H. Patel, S. Cone, J. Holding#LINEBREAK#
102	Launching an anaesthetic information leaflet for patients undergoing surgery at a specialist hand trauma centre in London	R. Shah, S. Ioannidis , M. Smith
103	I-gel® vs. laryngeal masks: a Trust evaluation of which we use and why?	M. Sherwin , J. Vernon

Abs no:	Abstract title	Author. Presenting author(s) shown in bold
104	Instituting an intensive care unit safety brief: a quality improvement project to facilitate enhanced patient care and communication within the clinical team	M. Sinnott , J. McLoughlin, P. Morgan, T. Samuels, A. Myers
105	Evidence-based transfusion practice in the intensive care unit: a sustained quality improvement initiative	M. Sinnott , R. Gama, K. Vishnuthevan, S. Wade, F. Lamb
106	Polypharmacy overdose: Ramipril, Quetiapine, Lercandipine, Duloxetine	C. Teng , R. Matsa
107	An audit of consent for anaesthesia - are patients being appropriately informed?	S. Todd, P. McLean
108	Anaesthetists' and surgeons' attitude and behaviour towards smoking cessation - single centre study in Australia	Y. Tsai , A. Wu
109	Anaesthetic considerations in a septuagenarian with a craniectomy defect and overlying skin flap presenting for an elective laparoscopic anterior resection	H. Venkatesh , R. West, W. Birts
110	Implementation of a modified WHO checklist to improve safety for patients undergoing general anaesthesia in MRI	J. Wall , O. Davies
111	A NOF is enough: an audit of postoperative haemoglobin checks and delays to transfusion after surgical fixation of a fractured neck of femur	C. Watson , S. Saxena
112	Unexpected resistance to non-depolarising muscle relaxants: reflecting on the cause and the need for monitoring of neuromuscular blockade	A. Wilkinson , J. Bowness, A. Dalton, B. McGuire, G. Rodney, C. McMillan
113	Audit of paediatric fasting times and parental survey to minimise fasting duration in day case surgery	E. Wilkinson , L. Downing
114	A prospective audit on patient satisfaction with pre-operative anaesthetic information at Wigan and Wrightington Hospital	A. Wilson , M. Hulgur, R. Natesan
115	Minimising paediatric pre-operative fasting times	C. Wood
116	Re-audit on peri-operative temperature monitoring in a district general hospital	D. Wu , A. Kakkar, M. Hulgur
117	An audit cycle of peri-operative heart failure medication in cardiac surgical patients	C. Zhang , N. Aitken
ST3/ST4		
118	Ultrasound-guided peripheral venous cannulation, teaching for junior doctors	T. Al-Ani , S. Tan, W. Peel
119	Sepsis Six Pathway in Mater Dei Hospital ITU, Malta	A. Aquilina, T. Pirotta , A. Grech
120	Defining mode of anaesthesia in clinical research	R. Armstrong , R. Mouton
121	Do guidelines for anaesthetising obese patients have any impact?	L. Barraclough , R. Black
122	SPAM	T. Casson
123	Capnography in the postoperative recovery period: effect of staff education on use	R. Clarke , E. Birch, A. Lumsden, A. Clark, R. Junkin
124	Gas guzzlers to eco-warriors: unwarranted variation in adjusted volatile anaesthetic consumption	G. Crawford , A. Clark

Poster list (shortlisted posters highlighted in yellow)

Abs no:	Abstract title	Author. Presenting author(s) shown in bold
125	Prevalence and factors associated with postoperative hypothermia among patients undergoing anaesthesia and surgery in Mulago national referral hospital	A. Emoru , C. Mijumbi, A. Wabule
126	PECS blocks in breast surgery: an individual anaesthetist's experience	J. Harvey , H. May
127	Simulation for obstetric anaesthesia training: a teaching experience	B. Hearne , N. Chima , C. Marsh
128	Paediatric pre-operative fluid-fasting duration in an elective setting	C. Hughes , E. Campbell, G. Rodney
129	The effect of peripheral access devices on intravenous infusion rate	P. Jackson
130	Continuing training in epidural for labour: a trainee survey	M. Jawad
131	An audit of critical incident reporting	M. Kerr , M. Balavage, R. Williamson
132	Making anaesthesia greener	J. Kinsella , N. Shaw
133	The Maximum Surgical Blood Ordering Schedule: quality improvement	L. Liew , M. Elwkhiee, N. Nagdeve, N. Kirodian
134	A retrospective review of 69 patients undergoing open reduction and internal fixation of mandibular fractures at a regional maxillofacial centre	J. Major , K. Horner, C. Oti, R. Soysa, I. Basu, S. Kaur, M. Perry
135	Detecting the deteriorating parturient: do we need a national obstetric MEWS chart?	F. McConaghie , A. Jeffrey, S. Neal
136	A case of <i>Capnocytophaga canimorsus</i> - an ITU perspective	A. Midgley-Hunt , T. van Hasselt, G. Nicol
137	No pain no gain! Assessing analgesia following elective caesarean section	T. Moody , A. Emms , K. Gupta, P. Slater
138	Impact of fatigue on trainees in anaesthesia - are we meeting current guidelines for provision of rest facilities?	H. Moxon , S. Leifer
139	Knowledge among anaesthetists of venous thromboembolism guidelines - results of a survey at a district general hospital	G. Nair , A. Aswath, B. Featherstone
140	Combination of Glidescope® and Fiberoptic scope for the management of an unanticipated difficult intubation	G. Nair , R. Kapoor
141	Spinal or general anaesthesia - does it really matter? Findings of a follow-up audit to the Anaesthesia Sprint Audit of Practice at East Kent University Hospitals	G. Nair , A. Vroemen-Cermakova
142	Rethinking the paradigm of anaemia correction following endovascular repair of abdominal aortic aneurysms	G. Nair , R. Kapoor
143	Handover in recovery: a critical point in a patient's journey	A. Photiou , G. Howe, P. Bopanna
144	A region-wide audit of the use of evidence-based glycaemic control protocols in critical care units	A. Powell , T. Morris , S. Marsh
145	In somno securitas: audit of rest facilities and culture across the North West School of Anaesthesia	N. Quinn , T. Poyser

Abs no:	Abstract title	Author. Presenting author(s) shown in bold
146	Urgent caesarean section with multiple cerebral cavernous angiomas- an anaesthetic dilemma	S. Sen , M. Simpson, I. Lam
147	A re-audit of pain management for paediatric tonsillectomy	P. Shekar , C. Richmond
148	No need to bare all - improving patient dignity during elective surgery	M. Slingo , C. Ward
149	Improving the turnout, identifying the burnout: factors affecting student attendance to their clinical attachment in anaesthesia	A. Stout , L. Latif, J. Austin
150	Introduction of a standardised postoperative analgesic set for patients undergoing bariatric surgery: pre and post introduction audit of outcome measures and variations in practice	S. Traill , S. Gibb, J. Huh, B. Burrill, L. Fairless, L. Calles-Diaz
151	Supplemental oxygen for transfer to recovery: changing culture at a district general hospital	C. Vickers , J. Overend , L. Bowen, S. Mir
152	"The good old days?" Changes in anaesthetic training over the last twenty years	E. Warwick , D. Srinivasan
ST5+		
153	Final FRCA correspondence course - at the cost of a first class stamp	M. Akuji , F. Martin, I. Susnerwala, L. Blood, S. Sarno, E. Thomas
154	Sharing lessons with regional trainee morbidity & mortality meetings	M. Akuji , L. Blood, S. Sarno
155	Arterialisation of peripheral venous blood in pregnancy - a curious venous blood gas result	S. As-Sultany
156	Positivity in anaesthesia: improving feedback, morale and resilience in our anaesthetic department	S. Barnes , M. McDonald, F. Kelly
157	How does anaesthetic technique affect patient experience in Bariatric Surgery?	R. Black , F. Bamgbose
158	How does anaesthetic technique affect inpatient quality of recovery (QOR-40) scores following Bariatric Surgery?	R. Black , F. Bamgbose
159	Severe hyponatraemia in the peri-partum patient: more common than we think?	H. Blagnys , N. Constable
160	How to get more out of Less Than Full Time training? Trainee experiences of paediatric anaesthetic training	K. Bruce-Hickman , M. Naik
161	Anaesthetic management of a large antrochoanal polyp extending into the oral cavity	D. Buckley , R. Radhika
162	Evaluation of recovery patient flow	G. Carroll , S. Watson , Y. Rangappa, A. Janeczko
163	Anaesthetic trainee rest facilities audit - in somno securitas?	R. Charles , M. Carrick, A. Marriott
164	Needlestuck by a helping hand; or, "if you hold the probe, you should wield the needle"	A. Connelly , J. Edwards
165	Making every moment in training count: missed opportunities in theatre	J. Critchley , K. McLennan, E. Cole, O. Daly
166	Morbid obesity and caesarean section: prolonging the anaesthetic challenge	J. Critchley , M. Dias, M. Lahti, A. Wise, F. Denison, N. Lone
167	Improving the return to clinical practice: a survey of current experience	C. Currie , C. Bridgestock, A. Jenkins, A. Milligan

Poster list (shortlisted posters highlighted in yellow)

Abs no:	Abstract title	Author. Presenting author(s) shown in bold
168	Case-based feedback in obstetric anaesthesia: embracing reflective practice	M. Davidson , T. McGrattan
169	A survey of practice in day case for patients with obstructive sleep apnoea	P. El-Dalil , A. Thwaites, I. Khan
170	PROMs, PREMs and story boards: sketching out 'Always Events' in anaesthesia - experiences from a large UK Teaching Hospital	J. Faria , L. Mcmenamin, M. Marbaniang, I. Sivanandan
171	Levobupivacaine dosing - is there a better way?	J. Ferry
172	Blunt chest wall trauma: using quality improvement to create a better care pathway	J. Ferry , C. Broome, R. Ellis, R. Flanagan, D. Burkett-St Laurent
173	A retrospective audit of obstetric patients admitted to the intensive care unit	J. Fletcher , R. Wall, R. Nelson
174	Peri-operative management of a 4-year old with congenital complete heart block for elective tonsillectomy	T. Fletcher , M. Walters
175	Night shift and on call work is associated with higher resting heart rate in an anaesthetic registrar	H. Garrard
176	Subglottic suction endotracheal tubes to reduce suspected ventilator-associated pneumonia... are our ICU patients worth it?	R. Hart , C. Bradley, R. Docking, E. Black
177	Peri-operative immunosuppression for renal transplantation: our experience at the Queen Elizabeth University Hospital	R. Hart , P. Kumar, M. Airlie, C. Young, N. Logan, M. Watson
178	Emergency tracheostomy management, are we appropriately trained?	A. Hassan , V. Paschou
179	Peri-operative hypothermia and warming in caesarean section at Nottingham University Hospitals	A. Hassan , J. Lewis
180	Consent and prone positioning in neuroanaesthesia: a survey of practice in a tertiary referral centre	J. Hawkins
181	HIV/AIDS in a Scottish ICU	A. Hurry
182	Attitudes of maternity staff towards audio recording of consent discussions	C. Ivermee , S. Yentis
183	Pilot Survey regarding daily issues experienced by clinical staff working on the intensive care unit	K. Katechia
184	Anaesthetic consent for orthopaedic surgery: are we following best practice?	F. Kerray, A. Connelly , E. Neale , P. McConnel
185	Anaesthetic management of submental intubations for maxillofacial surgeries	S. Khan
186	Delayed discharge of overdose patients from Critical Care Unit	E. Kingston
187	Pre-operative anaemia in patients undergoing major head and neck cancer surgery at Queen Elizabeth Hospital, Birmingham	F. Lay
188	Keeping the flow, a quality improvement project for emergency theatres	D. MacKay , J. Sisk, M. Daniel, B. MacRae
189	Surviving the Final FRCA: a regional experience	F. Martin , M. Akuji, S. Sarno , I. Susnerwala, L. Blood, L. Thomas

Abs no:	Abstract title	Author. Presenting author(s) shown in bold
190	Improving outcomes in major gynaecology surgery	R. Mawhinney , O. Licari, R. Rifai, S. Brown, D. Young
191	A pain-full night? A re-audit of the overnight pain service at a tertiary paediatric hospital	K. Miller , U. Dickson
192	Utilising modern communications technology to improve the anaesthesia department disaster response at a US Level 1 Trauma Centre	A. Milne , B. Lee, A. Collins
193	Recycling in anaesthetic rooms: Striving for a sustainable environment	K. N Selvaraju , R. Mittal, P. Nalawaya
194	Audit of documentation of consent for anaesthesia	B. Nakhjavani , H. Iqbal, J. Sambhani
195	Measurement of the calorific content of propofol using bomb calorimetry	D. Nesvadba , J. Jansen
196	Survey of pain relief/anaesthesia consent provided for women on labour ward	J. O'Donoghue , T. Keast, T. Murphy
197	A quality improvement project for intensive care admission documentation in a district general hospital	J. O'Donoghue , A. Meikle
198	Effect of a single dose of i.v. parecoxib on postoperative pain: a systematic review and meta-analysis	R. O'Donnell , E. Colgan, K. Cheong, S. Nimmo
199	ECMO to the rescue?	E. Owen , H. Roberts, E. Bennett
200	Dreaming of success: a retrospective survey of FRCA examination outcomes and trainee sleep patterns	C. Pairaudeau , N. Santana-Vaz, P. Kumar
201	The introduction of a spinal anaesthesia service for ambulatory foot and ankle surgery in a stand alone day surgery unit (DSU)	G. Paul , N. Gupta
202	Central Venous Access Device (CVAD) complications	S. Raut , A. Dawood
203	Hypoglossal nerve palsy after the use of classic laryngeal mask airway	L. Rilesh Nanda , M. Ryszka, S. Patel
204	Widening access to local teaching in the Warwickshire School of Anaesthesia using video podcasts and electronic feedback - a quality improvement project in training	S. Sannakki , M. Auldin, C. Pairaudeau
205	The educated and wild guess within postgraduate anaesthetic examinations: can a purposefully developed guessing guide improve multiple true false and single best answer question scores?	N. Santana-Vaz , C. Pairaudeau, N. Burri, A. Amarasekara
206	The importance of paediatric anaesthesia exposure during core training: is it related to performance within paediatric themed primary FRCA OSCE examination stations?	N. Santana-Vaz , C. Pairaudeau, S. Sreevathsa
207	Hidden blood loss in total knee arthroplasty	S. Sarada , S. Alshryda
208	Blackpool Victoria Hospital's PrOMIS quality improvement project 2017-18: pre-operative medication for inpatients on day of surgery	S. Sarno , K. Mullaney, P. Shetty, H. Choo, R. Nichani, J. Finnerty, M. Hunter
209	How low do we go? Closing the audit loop in low flow anaesthesia	G. Scotland , J. Harrington, G. Gan, E. Jack
210	Inaugural audit of WoSTRAQ - reviewing postoperative nausea and vomiting in the West of Scotland and testing our system	G. Scotland , J. Gardner, Y. Brama , C. McCue, D. Silcock, C. Currie

Abs no:	Abstract title	Author. Presenting author(s) shown in bold
211	Thromboprophylaxis post elective caesarean section: are we getting it right?	N. Sharma , A. Lumsden, E. McGrady
212	Peri-operative paediatric VTE assessment	H. Smyth, L. Downing
213	Epidural blood patch training: anaesthetic trainee experience	K. Stacey, C. Ivermee , A. Sabharwal
214	Living life to the full: implementation of a wellbeing strategy in our anaesthetic department	K. Stewart, S. Maclean , L. Duncan

Only posters shortlisted for discussion (highlighted in yellow) will be discussed during the meeting.
Submissions were shortlisted (based on scoring from the initial submission process).

For those not shortlisted, you can book a group discussion review session now

Poster submitters who have not been shortlisted for discussion, can book on to an informal group poster discussion session on a first come, first served basis. Places are limited to six presenters per session to present/discuss their project with an AAGBI Council member at the following times:

- Wednesday 4 July 2018:
15:15 – 15:45
- Thursday 5 July 2018:
08:30 – 09:00
15:00 – 15:30

To book a review slot ahead of the meeting, please email your preference of a date/time to secretariat@aagbi.org. Any requests for changes will be subject to availability.

Any remaining free slots will be available to book at the meeting via the secretariat team located in the poster area
